PROGRAM OVERVIEW

Air Conditioning Technology

The Air Conditioning Technology Diploma program is a sequence of courses that prepares students for careers in the air conditioning industry. Learning opportunities develop academic, occupational, and professional knowledge and skills required for job acquisition, retention, and advancement. The program emphasizes a combination of air conditioning theory and practical application necessary for successful employment.

Program length is fifty-one (51) credit hours.

Air Conditioning Repair Specialist

The Air Conditioning Repair Specialist TCC is a series of courses designed to prepare students for positions in the maintenance and repair of air conditioning systems. A combination of theory and practical application provide for the necessary skills to support industry requirements.

Program length is twenty (20) credit hours.

Air Conditioning Technician Assistant

The Air Conditioning Technician Assistant TCC is a series of courses that prepares students to hold positions as refrigeration technician assistants.

Program length is twelve (12) credit hours.

Columbus Technical College is accredited by the Southern Association of Colleges and Schools Commission on Colleges.

PROJECTED GROWTH

Employment in air conditioning technology occupations is projected to grow **4** percent from 2019 to 2029, about as fast as the average for all occupations.
