President Lorette Hoover  
Columbus Technical College  
928 Manchester Expressway  
Columbus, GA 31904

Dear President Hoover:

Thank you for submitting the 2018-2019 Business Continuity Plan for your college. Your BCP has been approved without need for revisions. We appreciate the hard work and dedication you and your staff have shown.

If you have questions or need further information concerning applicable requirements, please contact me at (404) 679-1666 or [lbeck@tcsq.edu](mailto:lbeck@tcsq.edu).

Sincerely,

A handwritten signature in blue ink, appearing to read "Lisa Anne Beck", written in a cursive style.

Lisa Anne Beck  
Emergency Manager

(Please forward a copy to your College Business Continuity Coordinator, Tommy Wilson for college distribution.)

# Business Continuity Plan 2018-2019

# Business Continuity Plan

2018-2019

## Overview:

The Business Continuity Plan (BCP) supports the State Board of the Technical College System of Georgia Policy II. D. "Emergency Preparedness, Health, Safety and Security" assertion which states, "The Technical College System of Georgia (TCSG) and each of its associated technical colleges and work units are committed to healthy, safe and secure workplaces and/or educational settings for all employees, students, volunteers, visitors, vendors and contractors. Each technical college or work unit shall develop, review and submit, at least annually to the System Office, those plans and procedures which are essential to respond to matters of natural and man-made hazards; public health; occupational and environmental safety as well as security. These plans and procedures shall be established with the goals of mitigating risk to individuals and physical resources as well as of maintaining compliance with national, state and local regulations."

The intent of the Business Continuity Plan is to guide response and recovery from a major emergency and where appropriate, to be linked or combined with emergency operations procedures. This BCP has been prepared through a collaborative process, with a thorough examination of critical mission functions, a systematic hazard vulnerability assessment, and comprehensive development of strategies for each critical mission function recognized to be potentially at risk during emergency. This BCP is exercised and reviewed annually as a part of the evaluative and planning processes.

Columbus Technical College experienced Two (2) business continuity incident during the 2017-2018 year. In the event of an incident the college's first alert Emergency notification system "Everbridge" will send out notification to students, faculty and staff to include Dr. **Lisa Anne Beck, MEd, DC Emergency Manager with TCSG will be notified and information kept on file at the central office.**

*Columbus Technical College* engages in the following contractual agreements.

Complete Facilities management services 1900A Northside Industrial Blvd. Columbus Georgia 31904

Safety Kleen 6580 Hawkinsville Rd. Macon Ga. 31210 478-788-9398

*Columbus Technical College* engages in the following training, drills and exercises: *Employee annual trainings which are conducted on the anniversary hire date of each employee consist of Blood Borne pathogens, Hazardous Materials, Unlawful Harassment, computer and internet use, Safety and Security training, Family Medical Leave act training, workers compensation, Osha training, Sexual Harassment all training requires a quiz after each section and the employee must have a passing score of 70 or above.* The college engages in Active Shooter training, Evacuation emergency lift chair training, fire and tornado drills. The protocol for the retention of training records is maintained in the Human Resources department located at 928 Manchester Expressway Columbus Georgia 31904 Contact person **Executive Director of HR Mrs. Pat Hood 706-649-1883 phood@columbustech.edu**

The protocol for the annual review of the BCP will be provided to the Presidents Leadership Team (PLT) which consist of Vice Presidents, Executive Directors, Directors of all college functions to review,

make any necessary changes/recommendations and provide current employee critical functions contact information up to date.

The protocol for the retention of the BCP is *posted on the college intranet and hard copy located in the Department of Operations 928 Manchester Expressway Columbus Georgia 31904 contact **Vice President of facilities and operations** [Twilson@columbustech.edu](mailto:Twilson@columbustech.edu) 706-649-1894*

# **BUSINESS CONTINUITY PLAN**

**PRESIDENT**

## Appendix D - Business Continuity Plan Worksheet Exemplar

### Business Continuity Plan Worksheet

**Work Unit/Technical College:** Columbus Technical College/President

**Date:** 4/10/18

**Critical Mission Function:** Emergency Communication

#### Function Description:

The president's communication is made possible via a mobile office. During times of emergency, the president will be the official spokesperson for the college and work closely with the office of Community and College Relations. The "public information" function is vital for business continuity in the case of any emergency involving the College. The Executive Director of Community & College Relations will serve as a liaison between CTC and community first responders and service providers while overseeing communication to the local media, faculty, staff, and students. Communication will be provided via the Everbridge® Emergency Alert System, the CTC website, Facebook, Twitter, E-mailing, and/or phone calls. Of course, depending on the situation and if technology is unavailable, some adjustments may have to be made.

**Production Location:** Columbus Technical College 928 Manchester Expressway Columbus Georgia 31904 – 706-649-1800

**Process Manager:** Lorette Hoover – Department: President's Office Email:

[lhoover@columbustech.edu](mailto:lhoover@columbustech.edu) – Office 706-649-1837/Cell 706-577-6366

**Backup Personnel:** Cheryl Myers, President's Leadership Team members as needed – Email:

[cmyers@columbustech.edu](mailto:cmyers@columbustech.edu) - Office 706-649-1290 – Cell 706-681-8383.

#### Recovery Details:

**Recovery Strategy Overview:** Be in constant communication with backup personnel, community organizations and relay messages to the public on a regular basis based on fact, not speculation.

3-5-day recovery – Process manager will be in contact with appropriate staff on a daily basis ensuring all are on task assignment ensuring a smooth transition during the unforeseen event.

**Maximum Allowable Downtime (MAD):** 24 hours

**MAD Rationale/Justification:** Official communication in an emergency must begin IMMEDIATELY to avoid panic, the rumor mill taking over, and possible fall-out/legal issues later.

Can process be suspended? Yes, can process be degraded? Yes

Work-around procedures in place? Yes Disaster recovery plan. Work-around procedures tested? Yes, 9/10/17 Mass e mail notification sent through our Early Alert Everbridge System that due to severe weather conditions the college would be closed 9/11/17 and 9/12/17.

1/16/18 Mass email notifications of our Early Alert Everbridge System that the college would be closed due to impending predicted winter weather for our area. The college was closed on 1/17/18 and 1/18/18.

**Recovery Point Objective**

**(Relocation):** Robert L. Wright Health Science Building 4600 River Road Columbus, Georgia 31904

**Hours to Point Objective:** 5 minutes

**Recovery Time Objective (hours):** 0-12 hours

**Hardware Needs:** Laptop and/or desktop computer and/or iPods, phone, internet access, printer, paper, pens, electricity and back-up batteries.

**Software Needs:** Internet, Everbridge® Emergency Management system, Word, E-mail/Outlook, basic operating system

**Necessary Vendors/Contractors:** N/A **Special Notes:** N/A

## Appendix D - Business Continuity Plan Worksheet Exemplar

### Business Continuity Plan Worksheet

**Work Unit/Technical College:** Columbus Technical College / Adult Education

**Date:** 4/10/18

**Critical Mission Function:** Classroom Instruction

**Function Description:** The function of classroom instruction of adult education is vital for business continuity in the case of any emergency involving the College. Classes are conducted Mon-Thursday from 8:30-12:30pm, 1:00-4:00pm and 5:30-5:30pm. The adult education department serves 6 counties to include Muscogee, Chattahoochee, Harris, Stewart, Quitman, and Talbot totaling over 1700 students to date in pursuit of a secondary education equivalent credential

**Production Location:** Columbus Technical College (928 Manchester Expressway, Columbus, GA) or alternate location depending on the scenario – 706-649-1800

**Process Manager:** April Hopson/Department: Director of Adult Education – Email:

[ahopson@columbustech.edu](mailto:ahopson@columbustech.edu) Office 706-641-5694

**Backup Personnel:**

#### Recovery Details:

**Recovery Strategy Overview:** Continue to provide classroom instruction to students based on the schedule above. Grant assurances prohibit the closure of classes from more than two weeks without special permission from state office. 3-5-day recovery – Process manager will be in contact with appropriate staff on a daily basis ensuring all are on task assignment ensuring a smooth transition during the unforeseen event.

**Maximum Allowable Downtime (MAD):**24-72 hours

**MAD Rationale/Justification:** To ensure limited interruption to classroom instruction as required in order to service delivery area.

Can process be suspended? Yes, can process be degraded? Yes

Work-around procedures in place? Yes, Disaster Recovery Plan.

Work-around procedures tested? Yes 1/16/18 Mass email notifications of our Early Alert Everbridge Systems that the college would be closed due to impending predicted winter weather forecast for our area. The College was closed on 1/17/18 and 1/18/18.

**Recovery Point Objective (relocation):** Robert L. Wright Health Sciences Building 4600 River Road  
Columbus, Georgia 31904

**Hours to Point Objective:** 10 MINUTES

**Recovery Time Objective (hours):** 0-12

**Hardware Needs:** Laptops and/or desktop computers, phone, internet access, printers, paper, pens,  
electricity, back-up batteries

**Software Needs:** Internet, TABE Online, Word, E-mail/Outlook, basic operating system

**Backup Personnel:** Michele Shaw/Facilitator & Proctor – Email: [mshaw@columbustech.edu](mailto:mshaw@columbustech.edu) Office 706-649-1558

### Recovery Details:

**Recovery Strategy Overview:** In the case of the facilities on main campus being uninhabitable/dysfunctional, Economic Development (ED) contact person will communicate with company and either cancel or reschedule classes or, direct company to recovery point location. 3-5-day recovery – Process manager will be in contact with appropriate staff on a daily basis ensuring all are on task assignment ensuring a smooth transition during the unforeseen event.

**Maximum Allowable Downtime (MAD):**48-96 Hours

**MAD Rationale/Justification:** Communicate with rental customers, make alternate plans, and prepare recovery point facilities for rental purposes.

Can process be suspended? Yes, can process be degraded? Yes

Work-around procedures in place? Yes, Disaster Recovery Plan.

Work-around procedures tested? Yes, 9/10/17 Mass e mail notification sent through our Early Alert Everbridge System that due to severe weather conditions the college would be closed 9/11/17 and 9/12/17

1/16/18 Mass email notifications of our Early Alert Everbridge Systems that the college would be closed due to impending predicted winter weather forecast for our area. The College was closed on 1/17/18 and 1/18/18.

**Recovery Point Objective (relocation):** Robert L. Wright Health Sciences Building 4600 River Road Columbus, GA. 31904 – 706-649-1800

**Hours to Point Objective:** 5 minutes

**Recovery Time Objective (hours):** 24 hours

**Hardware Needs:** 25 to 30 personal computers with internet access for company instruction or classroom for instruction. Projector and screen for presentations

**Software Needs:** Windows Operating system and Microsoft Office Suite

**Necessary Vendors/Contractors:** NA

**Special Notes:** NA

**BUSINESS CONTINUITY PLAN**

**INSTITUTIONAL EFFECTIVENESS**

## Appendix D - Business Continuity Plan Worksheet Exemplar

### Business Continuity Plan Worksheet

**Work Unit/Technical College:** Columbus Technical College / Institutional Effectiveness

**Date:** 4/10/18

**Critical Mission Function:** Accreditation

**Function Description:** Ensure that the materials and processes relating to regional accreditation of the College by SACSCOC remains in place. The same is true for program accreditations. Ensure that any business disruption does no permanent harm to the systems used to document the activities related to accreditation. Ensure the archives remain intact, and that electronic systems that are used to record and document activities necessary to maintain accreditations in good standing, if interrupted, are back up and running when regular business processes are back in operation.

**Production Location:** Patrick Hall, Main Campus – Columbus Technical College – 928 Manchester Expressway – Columbus, GA. 31904 – 706-649-1800

**Process Manager:** Monique Baucham/Department: Institutional Effectiveness – Email: [mbaucham@columbustech.edu](mailto:mbaucham@columbustech.edu) Office 706-649-1304

**Backup Personnel:** Kevin Peoples/Research Assessment Specialist – Email: [kpeoples@columbustech.edu](mailto:kpeoples@columbustech.edu) Office 706-641-5684

Elise Bell/Research Analyst – Email: [ebell@columbustech.edu](mailto:ebell@columbustech.edu) Office 706649-1305

#### Recovery Details:

**Recovery Strategy Overview:** Accreditation is a process and usually takes place over time. What need protecting are the documentation and compliance documents related to the awards of accreditation and the ongoing processes that must continue to maintain accreditation. So what are important are the recovery of any network drives that contain relevant information and data, and the availability of the processes to be accessible in a reasonable, but not necessarily short period of time. Accreditation and the rest of the IE processes are dependent on the recovery of all Information Technology systems. Several days for recovery are not a problem in this case due to the long term nature of this particular function. 3-5-day recovery – Process manager will be in contact with appropriate staff on a daily basis ensuring all are on task assignment ensuring a smooth transition during the unforeseen event.

**Maximum Allowable Downtime (MAD):** 7-10 days

#### MAD Rationale/Justification:

Can process be suspended? Yes Can process be degraded? Yes

Work-around procedures in place? Yes, Disaster Recovery Plan.

Work-around procedures tested? Yes 9/10/17 Mass e mail notification sent through our Early Alert Everbridge System that due to severe weather conditions the college would be closed 9/11/17 and 9/12/17
