

**COLUMBUS TECH**  
**Graduation Ceremony**

**December 10, 2024**

Columbus Civic Center | Columbus, Georgia

---

# 2024 Awardees

---

## **GOAL Student of the Year**

### **Victoria Wagoner**

Victoria Wagoner, a Diagnostic Medical Sonography major was named the CTC winner of the 2025 Georgia Occupational Award Leadership (GOAL) Student of the Year award. Upon graduation from Columbus Tech, she plans to continue her education in Sonography and grow in her field.

## **Rick Perkins Award Winner**

### **JeJuan Collins**

JeJuan Collins, Welding Instructor at Columbus Technical College, inspires future welders, champions non-traditional careers for women, and supports youth development through organizations like Girls Inc. A graduate with multiple welding certifications, her journey from student to instructor showcases the strength of the College's programs and the success its graduates can achieve. For her dedication to excellence in technical education, Collins has been named the 2024 Rick Perkins Award winner, recognizing her as the College's most outstanding instructor of the year.

---

# 2024 Awardees

---

## **EAGLE Student of the Year**

### **Madison Cameron**

Madison Cameron joined the Adult Ed program to earn her GED and quickly excelled in the Career Plus Program (CPH), also pursuing an Early Childhood Care and Education Basics TCC. She graduated with both her high school diploma and certificate, then went on to complete her specialist certificate. Currently working on her internship courses, she will soon earn her Early Childhood Education diploma. Madison's dedication and success make her a role model and the FY25 EAGLE Delegate for Columbus Technical College.

## **Adult Education Outstanding Teacher of the Year**

### **Annette Dixon**

Annette Dixon is a native of Columbus, GA. She matriculated at Mother Mary Mission from K-8th grade. She is a graduate of Hardaway High School. After working in mental health for 6 years she chose to return to school and pursue a post baccalaureate degree in secondary mathematics due to a love for math and helping students. She earned a M.ED. in secondary mathematics from Columbus State University. She is a blessed mother of one son and enjoys baking and gardening in her spare time.

# Columbus Technical College

## History

Columbus Area Vocational-Technical School opened its doors on December 1, 1961, as a unit of the Muscogee County School District. At the time the school offered eight programs, employed seven instructors, and enrolled just 39 students. As the school continued to grow and prosper, it received its formal accreditation status from the Southern Association of Colleges and Schools (SACS) on December 12, 1972. In 1985, the school was renamed Columbus Technical Institute and became part of a state-wide network of technical schools. With the passage of the Education Reform Act, House Bill 1187, in May of 2000, Columbus Technical Institute was renamed Columbus Technical College.

The College has continued to experience smart progression and expansion in its 50+ years of existence. What was once a drive-in movie theater is now Carl Patrick Hall; it was named after the College's first significant financial benefactor in 1996, the college built a spectacular library building and in October of 2010, the ribbon was cut on the region's premier healthcare learning environment, the Robert L. Wright, Jr. Health Sciences Center. Columbus Technical College now has 50 acres of campus property and an average annual enrollment of over more than 5,200 students.

## Honors

Columbus Technical College honor graduates are distinguished by the wearing of a gold cord with academic regalia. The wearing of a gold cord reflects the cumulative grade point average of 3.80 or higher for graduates. National Technical Honor Society honorees are distinguished by the wearing of the white stole.

## Academic Regalia and Awards

Present-day academic regalia, consisting of a cap, gown, and hood, seemingly originated at Oxford and Cambridge universities in the 1300s where students and teachers organized themselves into guilds. The blue stole represents the most recently awarded degree attained at Columbus Technical College. Focusing on its mission to foster economic growth and development and to enhance the quality of life for citizens in this region, the College currently awards 37 associate degrees, 35 diplomas, and 134 technical certificates of credit.

The Technical College System of Georgia and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, sex, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, a veteran of the Vietnam Era, spouse of a military member, or citizenship status (except in those special circumstances permitted or mandated by law). This nondiscrimination policy encompasses the operation of all technical college-administered programs, programs financed by the federal government including any Workforce Innovation and Opportunity Act (WIOA) Title I financed programs, educational programs, and activities, including admissions, scholarships and loans, student life, and athletics. It also encompasses the recruitment and employment of personnel and contracting for goods and services.

The Technical College System and Technical Colleges shall promote the realization of equal opportunity through a positive continuing program of specific practices designed to ensure the full realization of equal opportunity. The following person has been designated to handle inquiries regarding the non-discrimination policies: Karen Thomas, Vice President of Administrative Services and Title IX Coordinator, at 706-649-1813 or [kthomas@columbustech.edu](mailto:kthomas@columbustech.edu) or Olive Vidal-Kendall, Director of Disability and Special Services and Section 504 Coordinator at 706-649-1442 or [ovidal-kendall@columbustech.edu](mailto:ovidal-kendall@columbustech.edu). The mailing address for both contacts is 928 Manchester Expressway, Columbus, GA 31904.
