Columbus Technical College Update – Martha Ann Todd

Presentation included the following:

- The college's goal is to provide workforce development for the community. This is done by offering education and training that will promote job placement, career building, family support, and financial independence.
- Today's Local Board meeting involved a trip to visit our community partners, KIA Georgia, of West Point. CTC's PLT (President's Leadership Team) along with our Local Board members traveled to the KIA automotive plant where they learned how KIA is actively serving our community by providing jobs within the automotive, robotics, and manufacturing production fields.
- Furthermore, the trip gave our Local Board members in-depth insight on the value of CTC's partnership with KIA and its impact on the community's workforce development
